DIARY NOTES

25X1A

ADD/A (Colonel White)

8 February 1952

1. I talked to [REDACTED] about General Smith's statement that he had arranged with General Bolling to "vet" Army personnel detailed to CIA. [REDACTED] says that Colonel Ott (Ext. 71758) in General Bolling's office can probably give me some information. Will follow up on this.

2. I asked Matt Baird to send over a copy of a letter from FCDA inviting CIA to send someone to their Staff College for a two week course.

3. [REDACTED] says that the Director is displeased with the cover and the printing job on the recently issued telephone directory and wants to make sure that he sees the next one before it goes out.

4. Mr. Peel reports that [REDACTED] wants the ground floor and part of the first floor at [REDACTED]. He has another project under consideration and if it is approved he may want the whole top floor. We have told him that we will withhold any other action for a few days until he can make up his mind exactly how much space he does want.

5. Talked to [REDACTED] about the parking situation in the rear of T, J, K, and L Buildings, and, as a result of the recommendations received from the office heads in that area, decided to continue restrictions in connection with parking on Saturdays. We can and will issue duplicate stickers to office heads so that they may, within their own shops, control this space on Saturdays.
